Architects has been selected to assist with interior design services for **Mass Insight Global Partnerships**, a Boston-based consulting and research firm.

The firm and its non-profit affiliate Mass Insight Education are moving to a new 10,000 square foot office suite at 18 Tremont Street, a building where they both currently reside.

Mass Insight had outgrown its previous space and sought a more efficient and organized layout in the U-shaped building. Margulies Perruzzi Architects advised an open, light-filled design and provided input for efficient workspaces and better storage for Mass Insight's 40 employees. The interior palette features light neutral colors with high contrast color accents.

The project is slated for completion in early 2012.

Fusion Design Consultants LLC is the architect of record for the project, responsible for construction documentation. The landlord for the building is BPG Properties, Ltd.
